Received your information provided by Vanessa Anderson.

She talks about 3 things.

Sign of Ice Cream Social. The Ice Cream Social was a community event to meet neighbors. This continued a tradition established last year by a contractor that had worked on Town Square Park. It was held on a Wednesday the 20th of July. Keeping with the date, this years event was held Wednesday July 19th. A local supplier Blue Bunny provided Ice Cream at significant discount and it was provided to ALL of the community at no charge at Town Square Park. It was a single scoop container Ice Cream given to the public. The signs were given to me for future use by our community. I anticipate that the 3rd annual community Ice Cream Social on Town Square Park will be held Wednesday July 18, 2018.

The 4" x 5 ½ inch flier was made by me. It was left as a reminder to the Kiwanis and Rotary during their noon programs. They are 2 of our most respected and volunteer organizations and I wanted to make sure they were aware of the ice cream social. Ice Cream that was not used was given to the Kiwanis for their upcoming events. (They have a Freezer).

The Facebook post was made by a group of people who are on Facebook. Many of them opposed the project. These social media sites are unregulated to their providers of content. I knew nothing about that post.

Finally, I believe that we tried to follow the instructions of the PDC given under political advertising on your website.
