Kris Greene Currently only has \$80 in expenses recorded with the PDC. However the City of Vancouver charges a \$630 filing fee. Per the secretary of state website Kris Greene filed with the city on 5/15/17 at 8:00am. This expense has not been reported.

Furthermore Kris Greene has a large amount of signs displayed all over the city of Vancouver including 8ft signs on at city intersections, yet he has failed to report any of these expenditures. I would also question any other expenses Mr. Greene has failed to report.
