Hello Micaiah, here's my response.

The debt reporting is an oversight on my part. We will correct the reports to comply and be now current and a non-issue in the future.

The claim of unreported income illustrates a lack of knowledge of business and accounting the horses outlined in the complaint for the prices listed. The answer as to why income was no income generated after expenses, therefore no net income to report.

Please let me know if you need anything else.

Joel
