Good morning Micaiah, I want to say thank you to Roger for reminding me that I did have another website out there with the name [www.leo4Kennewick Council.com](http://www.leo4KennewickCouncil.com). It will be taken down very soon but the report is right I didn't report it as things were moving very quickly and now that I look at it it was an in-kind donation from a friend of mine. As you can see I never ended up using it but it should've been reported. Please let me know if making an in-kind donation now and providing the necessary contact information for my friend would be sufficient to bring me back into compliance.

Warm Regards,

Leo A. Perales

Thank you once again. I reported the contribution as mandated and noticed that when I went to send the report it showed that it didn't save the contributors employer information. I did send that information in the edit text attachments tab. I will provide the information now as well.

I hope this meets the requirement. Let me know if you need any further action from me. I have CC'd a reporter from our area who wants transparency when it comes to campaign finances.

Warm Regards,
