Hello all,

Last Thursday, July 7 we received a refund check in the amount of \$50 from De'Sean Quinn's 2015 campaign. We deposited the check into our "COPE" account; and have since reported the contribution refund in ORCA by restoring our 2015 campaign and posting the refund. We followed what we believe to be the proper process, but we cannot figure out how to file the report with the PDC. Our normal process of submission is not working. Can you check to see if you can see the refund on your end? And if not, can you let us know how to properly file the refunded contribution?

I'm cc'ing Kelsi and Fox in the interest of transparency since I know you both are assigned to this complaint. We have every intention to comply with this process; let us know if we are missing anything.

Thanks, Jennifer!
