

## **File a Formal Complaint - John Stilin**

**John Stilin** reported 9 days ago (Tue, 23 May at 12:23 PM) via Portal Meta

Mr. Fields registered with King County Elections to run for Position 2 on the Redmond City Council last week (5/25/17) confirming that he has been running an unregistered campaign since his public announcement to run for this office on December 20, 2016. He made a public announcement in the Redmond Reporter newspaper. Mr. Fields has previous run for office in Redmond and should be well aware of election law and his responsibility to register with the PDC. He has received an unfair advantage over his opponents by being able to campaign in secrecy for the past five months.
