Hi Fox,

Thank you for taking the time to chat with me by phone. As I explained on the phone, Cathy Beierle retired from the City of Shelton last May, then Cinnamon Brown was hired on September 6th to replace her. Cinnamon was terminated for poor job performance in mid-November, and I started on December 12th. In early January we discovered the Cinnamon had cashed her paychecks in October and November twice. We are pursuing the appropriate criminal charges in that situation and we have notified the Washington State Auditor's Office. In addition, we have implemented internal controls to eliminate the risk of any recurrence of that type of situation.

As a new City Finance Director, I was unaware of the T1 reporting requirement but would be happy to comply with any and all PDC disclosure requirements. I just need some guidance in doing that correctly.

Thanks for your guidance on this issue.

Nola
