Hello,

The City's Finance Director typically receives an annual letter from the PDC to notify us of the required information to be filed. This year we did not receive a letter. Can you please verify the letter was mailed and to whom it was addressed? Or, have you changed your procedures and no longer mail the letter? If so, how was the City notified of that change?

Copies of the required filing for 2016 are attached to this email. Please note that the Finance Director/Treasurer has filed as well as myself as Treasury Manager. Please let me know if there is any other information you need to satisfy this complaint and filing.

Thank you.

Kelley Wood
