Public Disclosure Commission

In response to Mr. Churchman's complaint, I have cooperated completely with the Pierce County Assessor. Each year I have gone to their office with my tax returns to determine if I qualified for tax relief. I wait until my tax returns are complete before going in to insure the most accurate information for the Assessor's office, and was aware that eligibility this year would probably be declined.

In regard to Social Security, here are the numbers

Daryl 2015 \$13270.80 2016 \$13271.90

Sue 2015 \$ 6850.60 2016 \$ 6851.60

My income from the City of Edgewood in 2016 was \$37,377.53. Although public records show a higher salary, the salary increase did not start until mid-year in 2016, with the previous salary \$1300 / month.

My Pierce Transit income for 2016 was \$1980. Standing board members receive a \$90 per diem for each meeting attended.

I hope this clears up any misunderstandings. I will update my F-1 to reflect these omissions.
