

Evelyn Fielding Lopez
Executive Director
Public Disclosure Commission

Dear Evelyn Fielding Lopez,

The reason the C4 was not filed for the Political Action Committee, Spokane Citizens for Political Education, is a clerical oversight that was made by me in my capacity as the Treasurer and Campaign Chair.

I was asked to be the Chair and Treasurer of the committee because of my experience as a political worker on numerous campaigns in the Spokane Area. The bill was properly paid and do to a clerical mistake on my part that bill was not properly reported as a C4 expenditure. When I was informed of the mistake, I acted quickly to fix the issue and have the C4 properly reported.

It was due to my inexperience in the role as a Campaign Chair or Treasurer that this mistake occurred and I apologize for the confusion. I have learned from my mistake and was glad that it could be remedied.

Thanks to your helpful staff the C4 was properly filed and it was possible to fix this oversight. I take the task of public reporting of contributions seriously and believe that it is something that is necessary for open and fair elections.

Sincerely,
