

File a Formal Complaint - Jennifer Chamberlin

[Jennifer Chamberlin](#) reported 2 days ago (Sat, 1 Apr at 4:24 AM) via Portal Meta

The Just Want Privacy campaign set up a table on school grounds on Friday, March 31. Near lunchtime the principal saw them and asked them to move across the street. They complied but after she left they moved back. You can see in the attached pictures that they are set up on public school property and collected signatures. This is not only illegal but inappropriate.
