To: PDC Compliance and Enforcement

From: Chris Haugen

Please consider this email as a letter to be heard for my hearing information set for September 24, 2018.

First of all I want to say I take full responsibility for missing the compliance date. I just would like to say that my mailing address had changed and I did not receive any emails at the primary email address (chris.haugen@nv.k12.wa.us) listed on my letter. That is a valid email address for me however I can only assume they were caught up in the spam filter. By the time I realized there were emails from PDC in my secondary (Hotmail) account, I was too late. I should have known however that it was about the regular deadline time to file the F-1.

Again, I take responsibility. I have filed my F-1 report online. I am sending this letter taking responsibility and humbly asking for a waiver of the fees.

Thank you for your consideration. I look forward to hearing from you.
