Opponent won't admit she's wrong, vandalized pickup

Here's the deal, my opponent, Salley Bull chose to vandalize my pickup at the County Fair. A vindictive act by a progressive liberal.

If you want to be a County Commissioner, I would first say, don't violate basic personal property rights! Second when you mess up don't cover up and then fabricate and place blame across the isle

Jim DeTro

on your own transgressions. Salley exposed just how shallow she is by trying to shift blame on parking violations. The no parking signs that she refers to are in front of the propane tanks and the fire lane into the grounds. I had permission from contract parking personnel, not staff as she prevaricates about, to park there. Gate personnel park their WATV there, motorcycles get preference to park there and others by permission.

Salley came to the Republican booth and ordered me to remove my pickup or else! As a result you saw the or else. If you are a candidate for commissioner and you have no record to run on and you run as an Independent (progressive liberal) what else do you do? Mess up, cover up and point to the RCW that she abused to fabricate false accusations.

Salley, you should listen to country Western singer Eric Church quote from his song, "when you are wrong, you should just say so. I learned that from a three-year-old."

I have been a pilot for 45 years, and when you run out of airspeed, altitude, and ideas all at the same time, we call that a CRASH! Your reality check has just bounced (CRASH)!!!
