PDC Case # 41106

Miss Blacksmith,

In reference to case #41106- The allegations on this complaint are vague. In fact arbitrary and capricious. The Okanogan County Fair, an annual event is always open to political advertising. In an election year or any other year, booths are rented for any and all political advertising. Many vehicles parked on the premises have stickers, magnetic signs and any and all forms of advertising paraphenila. While I recognize that the PDC is not the "parking police ",I was not in a no parking zone. Thank you, Okanogan County Commissioner JIM DETRO
