**List of attached evidence or contact information where evidence may be found.**

I noticed posts on Face Book that this flyer was being mailed around the state but that the names of the candidates differed- depending on the part of the state. I read several posts that the information in the mailed item I received that the information was untrue. Indeed, I read a post from EJ Zita that the information in the mailer was untrue- that she in fact endorsed Mr. Menser. I'm highly suspicious of the mailer's veracity and the source of the mailing.
