I think this type of advertising is wrong. It is based on faults information. I don't know if its against the law or not.

Contact me if you like.

What impact does the alleged violation(s) have on the public?

I received a mailer saying I should write in EJ Zita for County Commissioner. She isn't running for this office. In fact she is a Port Commissioner. The impact is to confuse voters. Some will write her name in, which will take votes away from Tye Menser, who Zita has endorsed for the position.

List of attached evidence or contact information where evidence may be found.

The mailer went to democrats in Thurston County. You probably already have one. I have mine still.

List of potential witnesses with contact information to reach them.

Glen Morgan will lie about the intent of the ad. He is pretty good about holding to his lie.
