What impact does the alleged violation(s) have on the public?

I received a post card mailing by the organization of which Mr Morgan names himself executive director.(photo attached) The mailing contains false information and is blatantly an attempt to confuse voters and persuade them to cast a hollow vote. This is a violation of trust and integrity of the election system in WA.

List of attached evidence or contact information where evidence may be found.

List of potential witnesses with contact information to reach them.
