File a Formal Complaint - Todd Arthur Davison

[Today](#) reported (Fri, 26 Oct at 11:46 AM)

I have no idea what this box wants. This form is totally anti-democratic and cases most who come here to just give up. This is my second attempt. First attempt the system just wiped my work and time out.

What impact does the alleged violation(s) have on the public?

Voter fraud, Campaign fraud, absolute lying about voting for candidates not running for an office, lying about supporters of the non candidate, and of course in a way slandering the person not running in a reverse insane total unethical manner. And a campaign against something representing itself as for something and using falsehoods to create an advantage for the things and candidates they actually support. This destroys democracy, community, trust in our system as credible and reliable and worth participating in

This is not in any way questionable this is out there full knowledge of everyone in the community the thousands of democratic voters who received the mailers.
