An Olympia radio station (96.9 KAYO) is running a very brief statement about Initiative 1693. The statement doesn't include any attribution for who is paying for the advertisement. I have heard the statement numerous times in the past three weeks. The statement is a man's voice and says, "You know, if gun control worked Chicago would be a safe city. Vote no on 1693."

**What impact does the alleged violation(s) have on the public?**

Public doesn't know what entity(ies) are supporting or opposing initiatives.
