**If you want local community projects prioritized  
like roads, playgrounds, trails, and splash parks!**

**Vote Jesse Young** - Parks Commissioner John Patrick Kelly

**As chair of the Democratic Party** for the past four years, I've worked and voted against Republican Rep. Jesse Young. Despite that opposition, as a legislator, Representative Young has continued to magnanimously work with us to get things done.

**As an elected Parks Commissioner** I can tell you unequivocally that Jesse Young has been one of the **hardest working** and **honest** state officials I've ever dealt with! He never asks for anything, only how he can serve.

Plus, Representative Young is the only choice with the experience and fiscal discipline to find the money we need to get these projects done.

**He's kept his word to us every time!**

**Remember to vote for Jesse Young**
