File a Formal Complaint - Conner Edwards

[Conner Edwards](#) reported (Sat, 20 Oct at 9:47 PM)

“Families Yes” sent out a mailer to my mom (and others) that failed to include the top 5 donor statement. It appears to be a fairly sophisticated committee, with several donors who have contributed \$750 or more over the last year. Screenshot of actual top 5 donors attached as well as pictures of the mailer. - Conner E

740,000 new jobs

We can and must do better for our kids.

A comprehensive approach to Helping Seattle Kids Succeed From Preschool Through College

Education gets the most attention, but too many of Seattle's kids, particularly lower income or from communities of color, are falling behind or are behind on their education. Families, Education, Preschool and Promise Levy takes a more comprehensive approach to addressing the opportunity gaps many of our kids face.

The Families, Education, Preschool and Promise Levy helps kids during all stages of their education:

1 Start when they're little with quality preschool.
 Affordable quality preschool helps children throughout their lives. This measure will give 2500 at-risk kids every year the support they need to succeed.

Under 70% graduate from high school.
 In Seattle, less than 70 percent of low-income students, and even fewer students of color, graduate from high school.

31% get a college degree or certificate.
 Currently only 31% of our high school graduates go on to obtain a college degree, credential or certificate.

This levy will help thousands of Seattle kids.
