Thank you for your email inquiring about the disclaimer issues on direct mail produced and sent for Families Yes, the committee supporting Seattle Proposition One on the November ballot.

We inquired with Cerilion N4 Partners, our direct mail vendor, and they reported that the first two pieces had the correct "Paid for by" disclaimer but did not include the top five contributors. This oversight was caught and corrected on the subsequent two pieces that were produced. A copy of the memo received by the vendor explaining the omission is attached to this response.

We apologize for any issues that this omission may have caused and are happy to assist with any further aspects of your investigation.

Please contact us if you have any questions or if you require additional information.

Sincerely,

Philip Lloyd, Treasurer
Families Yes
