Dear PDC,

Please see attached in reference to Complaint 42571. The filing is a clerical error. I have attached a screen shot of the relevant transaction history on my campaign credit card. As you can see, this entry was a correct amount, but the vendor information was incorrect. the correct entry is for the U.S. Postal Service with the same contact information as was given. The WSDOT information came from the entry below and was in error.

The campaign regrets the error.

Yours,

Nick
