Per: Ericksen, Doug Senate Campaign -- PDC Complaint #: [42944](#)

The alleged over-contribution by John & Mary Ferlin was an input error in ORCA that was entered end of October. It was fixed within a couple of days of original entry as soon as I noticed. The Ferlins did not over-contribute based on the following facts:

The Ferlins donated \$1200 on 10/7/16 (\$600 each) for the PRIMARY.

The Ferlins donated \$2000 on 5/30/18 (\$400 each coded to PRI/\$600 each) to GENERAL)

The Ferlins donated \$800 on 10/26/18 (\$400 each) for the GENERAL.

In addition, please note that the ORCA software did NOT notify me of the over-contribution upon initial entry, nor did it notify me with an error message when I validated the report or submitted the report. I mentioned this issue to the PDC last summer where they responded that they were unsure why this was occurring.

Sincerely,

Kristi Harting  
Ericksen Campaign Treasurer
