Hello Mr Ragins,

I received the above complaint and was very shocked! During my campaign I did not listen to the radio or read the paper due to the negative things that were being said. After listening to the attachment, I contacted Georgia Brovos (360-580-3167) with Jodesha (the radio station KBKW) about my contract that I had with them. She pulled the record and does not know what happened as it was clearly in the script but it was not added. They said this has never happened before and they are very sorry.

I acted in good faith throughout my campaign and when I signed the contract with KBKW the party and the sponsor identification was to in the script.

Sincerely

Janice Louthan
