Mr. Ragins,

Thank you for your email informing me that there has been a complaint filed against me. Please accept my apologies for the tardiness to your response.

The resignation from the position of mayor was effective immediately during an 8:30am meeting. The ordinance to create the position of City Administrator took place the same morning in a regular scheduled meeting that started at 9:30am and did not go into effect for five days. The appointment to the position did not go into effect for five days, therefore any comments I made were as a private citizen as I was not an elected official or an employee at the time. Additionally, the comment was made in jest as there has been a lot of issues with the Wapato School board and the employees. I am not running for any office.

If you have any further questions or concerns please feel free to contact me.
