Re: Complaints # 44807 (Kelly) and 44811 (Morgan)

Dear Public Disclosure Commission:

We received notice of these two complaints on January 10, 2019. This is our response to each, both alleging the same violation: failure to timely file the required C-1pc document for an organized political committee.

We admit that we did not meet the time line required, following our reorganization meeting on December 9, 2018. I filed the C-1 form on January 9, 2019 prior to receiving the complaints, which were filed on January 9 but not received until January 10, 2019.

We did not knowingly fail to timely file the C-1pc form. We have had discussion as an organization relating to avoidance of further complaints. We will make sure of compliance in the future and contact the PDC for clarification if we cannot find a due date on the website.

Yours,

Constance Maytum, Treasurer
On behalf of LD 26 Democrats
