Good Morning,

Thank you for this email. I re submitted my December L2. I am not sure what happened. Sorry this happened, it won't again. Regarding the photo, I thought that you had one on file. If that is not the case, I was unaware that the photo was gone. Is it best that I email one or bring one in? Let me know how to move on from here, or what else you need. Thank you and have a wonderful day. Please let me know that you received this communication.
