Thank you for your call. When I downloaded the PDF program in the beginning it caused many malfunctions with my laptop. I have been trying to get the reports in but it would not save or send report's to the pdc. Along with that it also caused me not to receive your emails. The first knowing of a problem was with a letter dated October 5th 2018 saying I had 20 day's to respond. I would like to appeal on those charge's and the \$250.00 fine. The F1 report was mailed in and I will be mailing in again a copy of my copy. I today just received my laptop from being repaired. That is why I was finally able to receive your email's. With this also I will be able to file all reports and activities by Monday October 22 2018. I'm sorry I can't have it sooner, but there is a lot of catching up to do.

Please let me know if this answer satisfy the request in your email.

And again thank you for working with me.
