CfPEW should not be able to hide their support for a candidate. It is not fair to the voters or to the organizations that comply with the law.

What impact does the alleged violation(s) have on the public?

By failing to report their expenditure in an accurate or timely manner, Citizens for Progress Enterprise Washington has concealed the extent of their support for candidate Wendy Weiker from the public. Voters who don't receive this mail piece would not know that Citizens for Progress Enterprise Washington is supporting this candidate. Voters should be able to see who is supporting candidates and how much they are spending. Until this is rectified, voters will not have access to all the information they might need to cast their ballot, and Citizens for Progress Enterprise Washington can continue to hide their spending and support from the general public.

List of attached evidence or contact information where evidence may be found.

Two mail pieces in support of Wendy Weiker that have dropped in the last week (and are sponsored by Citizens for Progress Enterprise Washington) are attached to this complaint.

“We spend too much time stuck in traffic. As we improve our local roads and embrace coming public transit systems, I'll work to make sure that transportation infrastructure improvements are made to I-90, I-405 and our major arterial roads.
