RE: PDC Case 27639

I have received the notice of failure to display Sponsor ID on my door bell hanger and I agree that due to an editorial oversight the notation "Paid for by Hurst 4 Lynnwood" was left off of the publication. That note should have been included with all of the identification shown on the publication that included my campaign website, email and phone number and should have been printed directly under the phone number. I apologize for this error.

George Hurst
