Roxanne Murphy has a 100% false story on her FB campaign page. It defames my character and reputation has been done maliciously to benefit her campaign. I asked her in a public forum to delete it ... she has refused to do so.

The opponent was doorbelling and told a 13-year-old daughter that she should leave home because her mother was a lesbian and they were going to burn in hell. The 13-year-old told the opponent that what he was suggesting was illegal and wasn't really displaying the finer points of Christianity.

We are so proud of the way this youth responded, and we stand in solidarity with this family.

We also hope you'll respond by voting to Reelect Roxanne by Nov. 7.
