

File a Formal Complaint - Chris Barringer

[Chris Barringer](#) reported (Mon, 16 Oct at 9:49 AM) via Portal Meta

The "Bye Sheriff John Urquhart" Facebook page is an illegal par in that it has actively working to unseat the Sheriff in the upcoming election and it has not been registered with the PDC. It has taken out paid advertisements and has asked people to donate money to its illegal GoFundMe account.

I've attached a screenshot from the same page advocating to vote against John Urquhart and illegally raising money for the effort without registering with the pdc. These people are anonymous but breaking the law

Thank you.

**Bye Sheriff John Urquhart**

14 mins ·

John just dumped almost \$200k of his own money in to "buying the election" He was true to his word that he would do this and it didnt matter the cost or who/what he destroyed in the process. We need to fight this corruption. We need to get the truth out. We need to regain the sheriff's office before we lose even more. Please donate to the Go Fund Me campaign to take us from 50k to 100k views. We can get out the stories that John is preventing the media from sharing. We will continue to push freedom of speech which should not be blocked by a person who took an oath of office to uphold the laws.

TIME FOR JOHN TO GO....

Since John says he's above the law and can do what he wants, we know he won't decide to be a man and step down for the betterment of the department, the county and the tax payers. So, we have work to do.

CALL TO ACTION...

- 1)make sure you share this page everywhere you can. Especially community blogs/ pages
- 2)Call those who have endorsed him and tell them to pull it
- 3)VOTE against John... make sure everyone you know does the same.

Get out there and
push, and
