To Whom it May Concern --

In regards to: Allegation: Violation of RCW 42.17A.320 for failure to include Sponsor ID on Burien Proud, Burien First banner.

Neither I nor my campaign printed the banner in question and had no involvement in the printing of the banner, nor hanging the banner nor do I have any relationship to the building owner where the banner is located. It is a privately owned building.

As such, I committed no violation.

Regards,

Darla Green
