

File a Formal Complaint - Michael Maddux

[Michaeljmaddux](#) (Fri, 6 Oct at 8:29 AM) via Portal Meta

Nathan Choi, running for Court of Appeals, Division 1, District 1, Position 2, has been operating a website (<https://www.nathancoiforjudge.org/>) throughout the campaign, and recently has had sandwich boards placed throughout the district. Attached is a photograph from one placed in South Lake Union, Seattle. I have heard reports of these in Bellevue and Federal Way, as well. Personally, I witnessed a small flat-bed truck transporting these signs along Mercer Street in Seattle, and estimate that there were not less than 40 of these sandwich board signs in the bed of the truck.

To date, this candidate does not appear to have filed any reports with the PDC that would evidence where the funds for these signs and website came from, or who is being paid to produce them.
