

File a Formal Complaint - Bill Betten

[Gwbetten](#) (Mon, 18 Sep at 11:18 AM) via Portal Meta

I verified with the appointed Snohomish City Mayor Tom Hamilton that is has not been invited and/or was even aware of the event on Sept 30 that advertises "Come talk with the Mayor & share your ideas on what makes Snohomish a cool community.

Karen Guzak is currently running for the position of mayor & is advertising she is the current mayor. She also has a picture of herself, with "Our Town, Our Mayor, Our Community directly below it.

She is stating twice, she is the current mayor, being as it does not state "Mayoral Candidate".
