The purpose of this formal complaint is to bring to your attention the fact that Christy Watts, who is running for city council of Kennwick has not filed her C4 forms by the prescribed deadline. As of 8/31/17 she had filed 9 total deposits but had failed to submit any C4s. As of 9/2/17 she had lumped all of her C4 filings into 1 submission and she broke mandate by hand writing it instead of filing electronically. All of her C3 filings and amendments are filed electronically so it is curious as to why she hand wrote her C4 especially when the PDC demands electronic filing. Also, her filing period is incorrect. She incorrectly lists July thru September as her filing period; however she had two deposits in June, but failed to include them in her filing. My concern as an active member of the community in which she is running is that this seemingly small infraction begs the question of either her incompetency or her corruption. Either she innocently failed to comply with the stated filing deadlines which leads me to question whether or not she can be trusted to competently make decisions for our city; or she is purposely concealing some of her deposits from the public which is blatant dishonesty. Either way, I'm not optimistic about a future with Christy Watts on my city council. Please look into this and get back to me.

thank you
