

Subject: Re: PDC - 21st Legislative District Democrats - Alleged Violation of RCW 42.17A.235 for failure timely or accurately report contributions. (SEP 2017)

Description:

Greetings Micaiah,

Following up on this issue to get a status update. To my knowledge, the complainant made this donation last year under the previous leadership. The bylaws required all donations to be made into an account that was under mini-reporting. That account did not exceed the thresholds requiring transition to full reporting.

If there's any information you need or anything I can assist with, feel free to email or call me at 206-947-2309.
