Mr. Micaiah Titus Ragins,

Complaint #1-Failure to file accurate and timely C3 and C4 reports. I can only simply acknowledge this complaint as I have not done this in the past. To remedy to problem I will simply make sure this is done on time from now on.

Complaint #2-Failure to list committee officers. This has been fixed and the committee officers are listed on the C1-PC.

Complaint #3-Illegal unauthorized expenditures of funds by an individual not listed as an officer on the C1-PC form. I am not sure as to what reason Mr. Morgan has to believe there has been illegal expenditures made. I don't have any documentation I can show to prove this other than bank statements, if you would like bank statements I can get them to you it just may take a day or two, or I can just get some time to dispute what ever the reason Mr. Morgan has to believe we have made illegal expenditures.

Complaint #4-Failure to report in-kind contributions/expenditures.

A) Failure to report PO Box in-kind contribution/expenditure. Our local union does have a PO Box that is used for all union business not just for committee use.

B) Failure to report envelope and postage in-kind contribution/expenditure. The contributions to the three campaigns the Mr. Morgan references were made prior to my time as treasurer, I am not sure how the contributions were made, it is likely that they were mailed but I don't know for sure.

I am very aware that these violations are due to our lack of training and education on finance law. To further remedy the problem we are currently seeking out training through the PDC, our accountant and attorney to make sure we do not make the same mistakes again.

Thank You

Paul Renwick
