

## **File a Formal Complaint - Elizabeth miller**

[Emmiller22](#) reported a month ago (Mon, 17 Jul at 10:58 AM) via Portal Meta

It is my understanding that campaigns are to file weekly. In looking at Largo Wales' campaign donations and expenditures the last reported donation was in early June and the last expenditure was in May. Dr. Wales publicly stated on her campaign Facebook on June 20th that 10,000 post cards were sent out after her conclusion of doorbelling in the Lakeland community. There does not appear to be an expenditure for these mailers. Additionally, Dr.Wales has a television commercial running that was "paid for by the committee to elect Largo Wales" but in neither expeditures or independent expenditures has this commercial been reported. I do not know if this was unfortunate oversight or intentional, but I would like this investigated as I do not want anything questionable going on in the elections within my city. I encourage an investigation of both Nancy Backus and Bryan Rivera, the opposing candidates, to ensure all candidates are above board and Dr.Wales can not make accusations of targeting or unfair treatment. Thank you for you time and care in this matter.
